PERSONAL PROFILE

Second-year BSc Computer Science student at the University of Chester with project experience in Java, Python, SQL and web development. I enjoy building practical software, solving programming problems and learning new tools.

EDUCATION

University of Chester | Chester, United Kingdom 2025–Jul 2029 (expected)

BSc Computer Science

A.G. Church School | Dhaka, Bangladesh 2023

A Levels: 3 As (Mathematics, Physics, Chemistry) | O Levels: 7 A*s (2021)

TECHNICAL SKILLS

- **Programming & scripting:** Java, Python, JavaScript, HTML, CSS, SQL
- **Tools & libraries:** Git, Microsoft SQL Server, Tkinter, Pillow
- **Technical concepts:** Object-oriented programming, GUI development, relational databases, normalisation

PROJECTS

- **Personal Portfolio Website** | HTML, CSS, JavaScript · Independent project
  Designed and published a responsive portfolio website with interactive navigation and project cards using HTML, CSS and JavaScript on GitHub Pages.
- **Terminal-Based Banking System** | Java, OOP · University project
  Built a terminal-based Java application for account creation, deposits, withdrawals and balance enquiries using object-oriented programming.
- **Airline Application** | Python, Tkinter · University project
  Developed a multi-screen Python Tkinter interface to manage flights, passengers and bookings; added charts using Matplotlib and images using Pillow.
- **Restaurant Database** | SQL, Microsoft SQL Server · University project
  Designed relational tables with primary and foreign keys, mapped their relationships in a database diagram, applied normalisation and wrote SQL queries.

CURRENT LEARNING

- **Google DeepMind: AI Research Foundations (Google Skills, in progress) —** Learning language-model fundamentals and introductory AI concepts.

EXPERIENCE

Crew Member, Five Guys | Chester, United Kingdom Oct 2025 – Present

- Collaborated with colleagues to manage customer orders accurately during busy service periods.
- Adapted between customer service, food preparation and closing duties while maintaining standards.

Student Government, A.G. Church School | Dhaka, Bangladesh May 2021 – Jul 2023

- Mentored and supported 100+ students, using clear communication to maintain school standards.
- Collaborated with staff and student leaders to coordinate eight sports competitions and cultural events.
